Independent Auditors' Report

Mayor and City Council
City of Earlville
Earlville, Illinois

We have audited the accompanying modified cash basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Earlville, Illinois as of and for the year ended April 30, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of City of Earlville, Illinois as of April 30, 2016, and the respective changes in modified cash basis financial position and, where applicable, cash flows thereof for the year then ended in accordance with the modified cash basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

Emphasis of Matter

The City adopted GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27 and GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB 68, during the year ended April 30, 2016. Statement No. 68 and No. 71 changed the footnotes related to the retirement system the City participates in. Our opinions are not modified with respect to this matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise City of Earlville, Illinois' basic financial statements. The Management's Discussion and Analysis and budgetary comparison information on pages 3-11 and 42-64, which are the responsibility of management, are presented for purposes of additional analysis are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express opinions or provide any assurance on it.

Other Reporting Required by *Governmental Auditing Standards*

In accordance with Government Auditing Standards, we have also issued our report dated August 1, 2016, on our consideration of the City of Earlville, Illinois' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City of Earlville, Illinois' internal control over financial reporting and compliance.

City of Earlville, Illinois

Management's Discussion and Analysis

Years Ended April 30, 2016 and 2015

The City of Earlville, Illinois' (the "City") management's discussion and analysis (MD&A) is generally intended to (1) assist the reader in focusing on significant financial issues, (2) provide an overview of the City's financial activities, (3) identify changes in the City's financial position (its ability to meet future financial demands and conditions), (4) identify any material deviations from the governmental unit's financial plan (approved budget), and (5) identify individual fund issues or concerns.

The MD&A is provided at the beginning of the report to provide an overview of the City's financial position at April 30, 2016 along with the results of operations for the year. This summary should not be taken as a replacement for the audit report, which consists of the basic financial statements, notes to the financial statements and other information.

Governmental Financial Highlights for FY2016

- The City's governmental assets exceeded its liabilities at the close of the fiscal year by \$1,225,069 (net position). Of this amount, \$261,445 (unrestricted net position) may be used to meet the City's ongoing obligations.
- The City's governmental total net position increased by \$49,310 during fiscal year 2016 as reported in the statement of activities.
- The City's major governmental revenue consisted of \$302,140 in property tax revenues and \$414,783 in other tax revenues.
- As of the close of fiscal year 2016, the City's governmental funds reported combined ending fund balances of \$572,291, an increase of \$36,179 in comparison to 2015.

Business-Type Financial Highlights for FY2016

- The City's business-type assets exceeded its liabilities at the close of the fiscal year by \$4,586,289 (net position). The restricted net position of \$124,759 is restricted for debt service requirements.
- The City's business-type net position increased by \$26,844 during fiscal year 2016 as reported in the statement of activities.
- The City's major business-type revenue consisted of \$741,466 in charges for services.

Overview of the Financial Statements

This document serves as an introduction to the City's basic financial statements. There are three components to the basic financial statements – government-wide financial statements, fund financial statements, and notes to the financial statements. This report also contains other information.

City of Earlville, Illinois

Management's Discussion and Analysis

Years Ended April 30, 2016 and 2015

Government-Wide Financial Statements

These are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business, using the modified cash basis of accounting.

The Statement of Net Position presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of improvements or deterioration of the financial position of the City.

The Statement of Activities presents information that shows how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as cash flows occur.

These statements highlight the functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities). The governmental activities of the City include general control and administration, planning and zoning, public safety, highways and streets, health and welfare, and culture and recreation. There are three business-type activities accounted for by the City: the water and sewer utilities and garbage pick-up service.

The government-wide financial statements can be found on pages 13 and 14 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. The governmental fund financial statements are reported on the modified cash basis of accounting.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financial decisions. Both the governmental funds statement of assets, liabilities and fund balances and the governmental funds statement of revenues, expenditures and changes in fund balances – modified cash basis provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains ten individual governmental funds and three business-type funds. Information is presented separately in the governmental funds statement of assets, liabilities and fund balance and in the governmental funds statement of revenues, expenditures, and changes in fund balances – modified cash basis for major governmental funds, (the General Fund, Motor Fuel Tax Fund, and TIF III). All other non-major governmental funds are combined and presented in one column. Individual fund data for each of the non-major governmental funds is provided in the form of combining statements elsewhere in this report. The governmental fund financial statements can be found on pages 15 – 18 of this report.

City of Earlville, Illinois

Management's Discussion and Analysis

Years Ended April 30, 2016 and 2015

Government-Wide Financial Statements (Continued)

Proprietary funds. Proprietary funds provide the same type of information as the government-wide financial statements. The City maintains three proprietary funds, the Waterworks Fund, Sewerage Fund, and Garbage Fund which are in the form of an enterprise fund.

The proprietary fund financial statements provide separate information for the Waterworks Fund, Sewerage Fund, and Garbage Fund considered to be major funds of the City. The proprietary funds financial statements can be found on pages 19 – 21 of this report.

Notes to the Financial Statements

These provide additional information that is essential to gaining a full understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found on pages 22 – 43 of this report.

Other Information

This information addresses the City's budgetary comparison schedules, and the IMRF (Illinois Municipal Retirement Fund) Schedule of Changes in Net Pension Liability and Schedule of Contributions. The City adopts an annual appropriation ordinance for its General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds, and Enterprise Funds. A comparison schedule has been provided for the General Fund and the other major funds to demonstrate compliance with this appropriation ordinance. The pension schedules have been provided to present the City's progress in funding its obligation to provide pension benefits to City employees through the IMRF system. This information can be found on pages 44 – 48 of this report.

Combining statements, as discussed earlier in connection with non-major governmental funds, are presented immediately following the information on pensions on pages 49 – 52 of this report. The City has also elected to include a statement of revenues compared with appropriated amounts for the General Fund (page 53) and statements of expenditures compared with appropriated amounts for each individual non-major fund. These statements can be found on pages 54 – 65 of this report. The assessed valuations, tax rates, extensions, and collections are presented on page 66.

Government-Wide Financial Analysis

A large portion of the City's net position is reflected in its investments in capital assets (i.e., land, buildings, equipment, vehicles, other improvements, and infrastructure), less any related debt used to acquire those assets that is still outstanding. The City uses these assets to provide services. Therefore, these assets are not available for future spending. Although the City's investments in its capital assets are reported net of available debt, it should be noted that the resources required to repay this type of debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these types of liabilities.

City of Earlville, Illinois

Management's Discussion and Analysis

Years Ended April 30, 2016 and 2015

Government-Wide Financial Analysis (continued)

The following condensed financial information was derived from the *Government-Wide Statement of Net Position* and reflects how the City's net position compares to the prior fiscal year:

	Net Position					
	Governmental Activities		Business-Type Activities		Total Primary Government	
	2016	2015	2016	2015	2016	2015
Current assets	\$ 572,291	\$ 536,113	\$ 426,906	\$ 428,902	\$ 999,197	\$ 965,015
Noncurrent assets	782,778	834,646	5,021,817	5,194,854	5,804,595	6,029,500
Total assets	1,355,069	1,370,759	5,448,723	5,623,756	6,803,792	6,994,515
Current liabilities	65,000	65,000	257,434	249,311	322,434	314,311
Noncurrent liabilities	65,000	130,000	605,000	815,000	670,000	945,000
Total liabilities	130,000	195,000	862,434	1,064,311	992,434	1,259,311
Net position:						
Net investment in capital assets	652,778	639,646	4,206,817	4,174,854	4,859,595	4,814,500
Restricted	310,846	257,404	124,759	135,498	435,605	392,902
Unrestricted	261,445	278,709	254,713	249,093	516,158	527,802
Total net position	\$1,225,069	\$1,175,759	\$ 4,586,289	\$ 4,559,445	\$5,811,358	\$5,735,204

Governmental Activities

The net position of the City's governmental activities increased 4.19% or \$49,310 (\$1,225,069 compared to \$1,175,759). The unrestricted net position decreased by \$17,264. This is the portion of net position that can be used to finance day-to-day operations of the City. The restricted net position increased by \$53,442. The increase is due to consistent tax revenues combined with decreases in various expenses from the prior year.

Business-Type Activities

The net position of the City's business-type activities increased 0.59% or \$26,844 (\$4,586,289 compared to \$4,559,445). The unrestricted net position increased by \$5,620. The City generally can only use this net position to finance the continuing operations of the water and sewer utilities. There were no notable increases or decreases that varied significantly from 2015 to 2016.

City of Earlville, Illinois

Management's Discussion and Analysis

Years Ended April 30, 2016 and 2015

Government-Wide Financial Analysis (Continued)

Governmental Activities

For the fiscal year ended April 30, 2016, revenues from governmental activities totaled \$807,711, a decrease of \$214,324 from 2015. Tax revenues (\$716,923 or 88.76%) continue to represent the largest source of income for governmental activities. The decrease in revenue was due to the City receiving additional property tax revenue from the TIF II Fund and compensatory income in the amount of \$77,500 for assistance in a railroad crossing closure in the prior year.

For the fiscal year ended April 30, 2016, expenditures from governmental activities totaled \$758,401, a decrease of \$91,350 from 2015. Expenditures for streets and roads and public safety continue to represent the largest use of City funds.

Business-Type Activities

For the fiscal year ended April 30, 2016, revenues from business-type activities totaled \$746,542, an increase of \$20,811 from 2015. Charges for services (\$741,466 or 99.32%) represent the largest source of revenues for the business-type activities. These charges are mainly derived from fees for water, sewer, and garbage services.

For the fiscal year ended April 30, 2016, expenditures for business-type activities totaled \$719,698, an increase of \$39,786 from 2015. This figure is in line with the total from recent fiscal years and represents consistent operating expenses within the water and sewer utilities.

Financial Analysis of the City's Major Funds

The City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

Budgetary Highlights

The City's appropriation ordinance is prepared according to Illinois law and is based on accounting for certain transactions on a cash basis of accounting. An appropriation to actual schedule is provided as required supplementary information for the General Fund and the major Special Revenue and Capital Projects Funds.

City of Earlville, Illinois

Management's Discussion and Analysis

Years Ended April 30, 2016 and 2015

Financial Analysis of the City's Major Funds (Continued)

General Fund Budgetary Variances

Cash Receipts

The most significant cash receipts for all funds during fiscal year 2016 continue to be property taxes and intergovernmental receipts. Intergovernmental taxes (shown on page 44) for 2016 were \$308,142 compared with the budgeted amount of \$314,400. Also, the local taxes for 2016 were \$182,159 compared with the budgeted amount of \$222,802.

Cash Disbursements

The City continues to appropriate much higher than is currently needed for all functions of the General Fund (see page 44). This is primarily done to protect the City in case of any large and/or unexpected expenses that could arise during the fiscal year.

Motor Fuel Tax Fund Budgetary Variances

Cash Receipts

Motor fuel taxes for 2016 were \$43,595 compared with the budgeted amount of \$45,000.

Cash Disbursements

Similar to the General Fund, the City appropriates higher than is currently needed in case unexpected road maintenance projects come up.

TIF III Fund Budgetary Variances

Cash receipts and disbursements for the TIF III Fund were comparable to their budgeted amounts.

City of Earlville, Illinois

Management's Discussion and Analysis

Years Ended April 30, 2016 and 2015

Capital Asset and Long-Term Debt Activity

Capital Assets

The City's investment in capital assets for its governmental activities at year end totaled \$782,778 (net of accumulated depreciation) and business-type activities at year end totaled \$5,021,817 (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment, vehicles, other improvements, and infrastructure such as streets, water and sewer. There were \$62,976 of total capital asset additions recorded during the year and \$287,882 of depreciation charges were expensed on the total capital assets. See footnote 4 for details of capital assets.

Governmental Net Book Value of Capital Assets		
	2016	2015
Land	\$ 14,380	\$ 14,380
Buildings	179,355	187,610
Equipment	58,233	46,036
Vehicles	15,678	22,381
Other improvements	37,015	54,391
Infrastructure	478,117	509,849
Total	\$ 782,778	\$ 834,647

Business-Type Net Book Value of Capital Assets		
	2016	2015
Buildings	\$ 23,359	\$ 25,868
Equipment	85,229	72,027
Vehicles	1,480	2,524
Other improvements	15,444	17,401
Infrastructure	4,896,305	5,077,034
Total	\$5,021,817	\$5,194,854

City of Earlville, Illinois

Management's Discussion and Analysis

Years Ended April 30, 2016 and 2015

Capital Asset and Long-Term Debt Activity (Continued)

Debt Administration

At April 30, 2016, the City had \$130,000 in governmental activities long-term debt, which consisted of general obligation bonds payable. Amounts due next year on these obligations are \$65,000. See Footnotes 5-7 for details of governmental activities debt.

Governmental Activities – Outstanding Debt		
	2016	2015
General obligation bonds payable	\$ 130,000	\$ 195,000
Total	\$ 130,000	\$ 195,000

At April 30, 2016, the City had \$815,000 in business-type activities long-term debt which consists of general obligation bonds payable. Amounts due next year on these obligations are \$210,000. See Footnotes 5-7 for details of business-type activities debt.

Business-Type Activities - Outstanding Debt		
	2016	2015
General obligation bonds payable	\$ 815,000	\$1,020,000
Total	\$ 815,000	\$1,020,000

Economic Factors

Overall attention has been given to industrial, commercial and residential growth. The City's proactive approach has included partnering with developers in working agreements.

Requests for Information

This financial report is designed to provide our citizens, taxpayers, customers, and potential creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. City of Earlville, Illinois

Notes to Financial Statements

Note 1 Summary of Significant Accounting Policies

Reporting entity

The City Council is the basic level of government which has oversight responsibility and control over all activities related to the operation of the City of Earlville, the primary government unit. The Council receives funding from local, state, and Federal government sources and must comply with the requirements of these funding source entities. However, the Council is not included in any other governmental "reporting entity" as defined by the GASB pronouncement, since Council members are elected by the public and have decision making authority, the authority to levy taxes, the power to designate management, the ability to significantly influence operations and primary accountability for fiscal matters. There are no component units to be included with the primary government.

Summary of significant accounting policies

Government-Wide and Fund Financial Statements

The government-wide financial statements (the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the City. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. For the most part, the effect of the interfund activity has been removed from these statements.

The Statement of Activities demonstrates the degree to which the direct expense of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to citizens or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function.

Taxes and other items not properly included among program revenues are reported instead as general revenues.

Earnings on investments not properly included among program revenues are reported instead as general revenue.

Separate financial statements are provided for governmental funds and the proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

The government-wide financial statements are reported using the modified cash basis of accounting as are the proprietary fund financial statements. Revenues are recorded when cash is received and expenses are recorded when cash is paid, regardless of the timing of related cash flows. Property taxes are recognized as revenues when cash is received. Grants and similar items are recognized as revenue.

City of Earlville, Illinois

Notes to Financial Statements

Note 1 Summary of Significant Accounting Policies (Continued)

Fund Accounting

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, cash receipts, and cash disbursements. City resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The City has the following funds:

Governmental Fund Types

Governmental fund types are those funds through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses, and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used, current liabilities are assigned to the fund from which they are paid, and the difference between governmental fund assets and liabilities, the fund equity, is referred to as "fund balance." The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following comprise the City's major governmental funds:

General Fund – The General Fund is the general operating fund of the City. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. Many of the more important activities of the City, including operation of the City's general service departments; street and highway maintenance and public safety are accounted for in this fund.

Motor Fuel Tax Fund – The Motor Fuel Tax Fund was created to account for intergovernmental tax funds received and designated to be spent for the purpose of maintaining City infrastructure, streets, and roads.

TIF III Fund – The TIF III Fund was created to account for the property tax funds received and designated to be spent for the purpose of the City's tax increment finance district.

City of Earlville, Illinois

Notes to Financial Statements

Note 1 Summary of Significant Accounting Policies (Continued)

Fund Accounting (continued)

The other governmental funds of the City are considered nonmajor and are as follows:

Special Revenue Funds - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than special assessments, fiduciary, or major capital projects) that are legally restricted to expenditures for specified purposes. The City's nonmajor Special Revenue Funds are the Audit Fund, Social Security Fund, Liability Insurance Fund, Unemployment Compensation Fund, Workmen's Compensation Fund, IMRF Fund.

Debt Service Funds - Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs. The City's nonmajor Debt Service Fund is the 2007 Debt Certificate and Interest Repayment Fund.

Capital Projects Funds - Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds and Trust Funds). The City currently has no non-major capital projects funds.

Proprietary Fund Types

Enterprise Funds - Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. The Waterworks Fund, Sewerage Fund, and Garbage Fund are the major enterprise funds of the City.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Waterworks Fund, Sewerage Fund and Garbage Fund are charges to customers for services. Operating expenses for enterprise funds include the cost of providing services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

City of Earlville, Illinois

Notes to Financial Statements

Note 1 Summary of Significant Accounting Policies (Continued)

Budgets and Budgetary Accounting

The City budgets for the General, Special Revenue, Debt Service, Capital Projects, and Enterprise Funds through an appropriation ordinance.

The City's appropriation ordinance is prepared on the basis of anticipated cash receipts and disbursements (cash basis).

The ordinance was passed on July 9, 2015. For each fund, total fund expenditures may not legally exceed the budgeted expenditures. The ordinance lapses at the end of each fiscal year. The City does not utilize an encumbrance system.

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- a) Prior to May 1, the City prepares an annual appropriation ordinance for the fiscal year commencing May 1 of that year. The ordinance includes proposed expenditures and the means of financing them.

Legal spending control for City monies is at the fund level, but management control is exercised at budgetary line item levels within each fund.

- b) The City may amend the ordinance anytime by a two-thirds vote of all City Council members. The Council may make transfers between funds, but no appropriation may be reduced below an amount sufficient to cover such obligation. The City's did not amend the appropriation ordinance during fiscal year 2016.

Property Taxes

It is the City's intention that property taxes generated from the 2014 property tax levy be used to finance the operating budget of the fiscal year ending April 30, 2016. Therefore, property tax receipts represent the receipts generated by the 2014 property tax levy.

The City's property tax is levied each year on all taxable real property located in the City on or before the last Tuesday in December. The 2014 tax levy was passed by the City Council on December 10, 2014. Property taxes attach as an enforceable lien on property as of January 1, and are generally payable in two installments in early June and September. The City receives significant distributions of tax receipts within one month of these due dates.

Cash and Investments:

For the purpose of reporting cash and cash equivalents on the Statement of Cash Flows, the City considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

City of Earlville, Illinois

Notes to Financial Statements

Note 1 Summary of Significant Accounting Policies (Continued)

Cash and Investments (continued)

The City considers certificates of deposit with a maturity of more than three months when purchased to be investments. Restricted cash and investments consist of loan requirement accounts.

Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts and disclosure of contingent liabilities at the date of the financial statements. Actual results could differ from those estimates.

Note 2 Cash and Investments

The City's cash and cash equivalents at year end consist of interest bearing demand deposit accounts and Illinois Funds. The restricted investment accounts represent two certificates of deposit held as of April 30, 2016.

Cash and cash equivalents as of April 30, 2016 are classified for the City as follows:

	Statement of Net Position
Cash and cash equivalents	\$ 874,438
Restricted cash and cash equivalents	124,759
Total	\$ 999,197

Deposits

At year-end the carrying amount of the City's deposits totaled \$999,197 and the bank balances totaled \$1,011,790. Of the City's deposits, all amounts are either FDIC insured or covered by collateral held by the pledging institution in the City's name. No deposits are uninsured or uncollateralized as of April 30, 2016. The City has no foreign currency risk for deposits at year end.

City of Earlville, Illinois

Notes to Financial Statements

Note 2 Cash and Investments (Continued)

Illinois Funds

The City has \$89,129 in the "Illinois Money Market Fund," formerly known as IPTIP. It is a money market fund that was created in 1975 by the Illinois General Assembly. Its primary purpose is to provide the custodians of public funds with an alternative investment vehicle which enables them to earn a competitive rate of return on fully collateralized investments, while maintaining immediate access to invested funds. The monies invested by the individual participants are pooled together and invested in U.S. Treasury bills and notes backed by the full faith and credit of the U.S. Treasury. In addition, monies are invested in fully collateralized time deposits in Illinois financial institutions, in collateralized repurchase agreements, and in treasury mutual funds that invest in U.S. Treasury obligations and collateralized repurchase agreements. The time deposits are collateralized 110% over FDIC or FSLIC \$100,000 insurance with U.S. Treasury obligations and marked to market on a weekly basis to maintain sufficiency. The repurchase agreements are collateralized at 102% with U.S. Treasury obligations, and the collateral is checked daily to determine sufficiency. The individual participants maintain separate investment accounts representing a proportionate share of the pool assets and its respective collateral; therefore no collateral is identified with each individual participant's account.

For financial statement purposes, the City shows Illinois Funds as cash and cash equivalents.

Investments

As of April 30, 2016, the Village had no investments.

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The City has no specific policy on the interest rate risk at year-end as it has no investments.

City of Earlville, Illinois

Notes to Financial Statements

Note 2 Cash and Investments (Continued)

Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of its deposits, investments, or collateral securities that are in the possession of another party. At April 30, 2016, the City had no custodial credit risk as no City deposits were uninsured or uncollateralized.

Foreign Currency Risk

The City has no foreign currency risk for investments at year end.

Note 3 Restricted Cash and Investments

In accordance with the provisions of the City's IEPA loan agreements, special accounts have been established to receive and disburse funds for debt retirement. Departmental revenues are transferred to these accounts as specified after first being deposited in a common cash account. The special accounts established by the loan agreements are not expendable for operating expenses of the City. The following schedule shows the detail of these accounts:

	2016
	Deposits in Banks
IEPA loan repayment:	
Cash	\$ 124,759
Total	\$ 124,759

City of Earlville, Illinois

Notes to Financial Statements

Note 4 Capital Assets

Capital assets

Capital assets, which include buildings, improvements, equipment, vehicles, and infrastructure, are reported in the government-wide financial statements. The City defines capital assets as assets with an initial individual cost of more than \$1,000, and an estimated useful life in excess of one year. Such assets are recorded at historical cost if purchased or constructed. Donated assets are recorded at estimated fair market value as of the date of acquisition.

The cost of normal maintenance and repair that does not add to the value of the asset or materially extend the useful life is not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. All capital assets, except land and construction in process which are not depreciated, are being depreciated using the straight line method over the following useful lives:

Buildings	40 years
Equipment	4-7 years
Vehicles	5 years
Other improvements	10-20 years
Infrastructure	40 years

Capital assets are reported as expenditures when incurred in the governmental fund financial statements.

City of Earlville, Illinois

Notes to Financial Statements

Note 4 Capital Assets (Continued)

The governmental activities capital asset activity for the year ended April 30, 2016 is as follows:

Governmental activities:	Balance April 30, 2015	Additions	Deletions	Balance April 30, 2016

Note 5 2014 Debt Certificates

During the 2015 fiscal year, the City of Earlville, Illinois, issued \$195,000 in general obligation debt certificates for the purpose of refinancing previously issued debt certificates and notes payable. The certificates are due on December 1 of each year, commencing December 1, 2014. Interest accrues on the certificates at 2.00% and is payable on December 1 of each year commencing on December 1, 2014. The certificates are payable from a property tax levy. During the fiscal year ended April 30, 2016, principal of \$65,000 and interest of \$3,900 was paid.

Future payment requirements are as follows:

Fiscal Year Ending April 30,	Rate	Principal	Interest	Total
2017	2.00	\$ 65,000	\$ 2,600	\$ 67,600
2018	2.00	65,000	1,300	66,300
		\$ 130,000	\$ 3,900	\$ 133,900

Note 6 2014 Debt Certificates

During the 2015 fiscal year, the City of Earlville, Illinois, issued \$1,220,000 in general obligation debt certificates for the purpose of refinancing previously issued IEPA loans in the City's Sewer Fund. The certificates are due on December 1 of each year, commencing December 1, 2014. Interest accrues on the certificates at varying rates (see below) and is payable on December 1 of each year commencing on December 1, 2014. During the fiscal year ended April 30, 2016, principal of \$205,000 and interest of \$20,575 was paid.

Future payment requirements are as follows:

Fiscal Year Ending April 30,	Rate	Principal	Interest	Total
2017	2.00	\$ 210,000	\$ 16,475	\$ 226,475
2018	2.00	215,000	12,275	227,275

City of Earlville, Illinois

Notes to Financial Statements

Note 8 Municipal Retirement Fund

Plan description – Employees of the City of Earlville, Illinois are provided with pensions through the Illinois Municipal Retirement Fund (IMRF) —an agent multiple-employer defined benefit pension plan. Established by the Illinois State Legislature for the benefit of Illinois municipal employed outside the city of Chicago, IMRF is governed by the Illinois Pension Code. IMRF issues a publicly available financial report that can be obtained at <http://imrf.org>.

Benefits provided - IMRF provides retirement, disability, and death benefits. Benefits are established by statute and may only be changed by the General Assembly. The benefit provisions in effect on the member's date of participation determine a member's minimum benefit while the benefit provisions in effect on the member's date of termination determine a member's maximum benefit. Public Act 96-0889 added a new section to the Pension Code that applies different benefits to anyone who first contributes to IMRF on or after January 1, 2011 and does not have any other previous service credit with one of the reciprocal retirement systems in Illinois.

Members who first participate on or after that date are members of Tier II. Anyone who made contributions to IMRF prior to January 1, 2011 remain participants of Tier I. Tier I retirement benefit are determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. The pension amount is 1 2/3 percent of the final rate of earnings for each of the first fifteen years of service and 2 percent for each year of service credit in excess of fifteen years, up to a maximum of 75 percent of the final rate of earnings.

Tier II benefits are determined by the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Pension earnings are initially capped at \$111,572 increasing annually by 3 percent or the consumer price index, whichever is less.

Employees Covered by the Benefit Terms - At the December 31st 2015 valuation date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	0
Inactive employees entitled to but not yet receiving benefits	3
Active employees	7
<hr/>	
Total	10
<hr/>	

City of Earlville, Illinois

Notes to Financial Statements

Note 8 **Municipal Retirement Fund (continued)**

Contributions - Employees are required to contribute 4.5 percent of their annual pay as set by statute. The statutes require each participating employer to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. Employer contributions for disability benefits, death benefits and the supplemental retirement benefits are pooled. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability - The employer's Net Pension Liability was measured as of December 31, 2015, and the total pension liability used to calculate the Net Pension Liability was determined by an annual actuarial valuation as of that date.

Actuarial assumptions - The total pension liability in the December 31, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Cost Method	Aggregate Entry Age Normal
Asset Valuation Method	5-year smoothed market; 20% corridor
Wage growth	4.0%
Price Inflation	3.0% - approximate, No explicit price inflation assumption is used in this valuation
Salary Increases	4.40% to 16.00% including inflation
Investment Rate of Return	7.50%
Retirement Age	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2011 valuation pursuant to an experience study of the period 2008-2010.
Mortality	RP-2000 Combined Healthy Mortality Table, adjusted for mortality improvements to 2020 using projection scale AA. For men 120% of the table rates were used. For women 92% of the tables rates were used. For disabled lives, the mortality rates are the rates applicable to non-disabled lives set forward 10 years.

Other Information:

Notes There were no benefit changes during the year.

City of Earlville, Illinois

Notes to Financial Statements

Note 8 Municipal Retirement Fund (continued)

A detailed description of the actuarial assumptions and methods can be found in the December 31, 2015 Illinois Municipal Retirement Fund annual actuarial valuation report.

The actuarial assumptions used in the December 31, 2015 valuation were based on the results of an actuarial experience study dated April 15, 2016 for the period January 1, 2015 through December 31, 2015. As a result of the December 31, 2015 actuarial experience study, new assumptions for the assumed rate of return, salary increase, inflation and related economic assumptions were adopted in the December 31, 2015 actuarial valuation to more closely reflect actual experience.

Discount rate - The discount rate used to measure the total pension liability was 7.44 percent. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that City contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Due to the City preparing its financial statements on the modified cash basis of accounting, pension liabilities and deferred inflows and outflows referred to throughout the note disclosure are not recognized in the actual financial statements.

Changes in Net Pension Liability

	Total Pension Liability	Increase (Decrease) Plan Fiduciary Net Position	Net Pension Liability
Balance January 1, 2015	\$849,105	\$755,436	\$93,669
Service costs	49,100	-	49,100
Interest on total pension liability	65,227	-	65,227
Difference between expected and actual experience	(40,473)	-	(40,473)

Balances as of December 31, 2015	\$926,142	\$764,237	\$161,905

City of Earlville, Illinois

Notes to Financial Statements

Note 8 Municipal Retirement Fund (continued)

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate - The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.44 percent, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.44 percent) or 1-percentage-point higher (8.44 percent) than the current rate:

	1% Decrease (6.44%)	Current Rate (7.44%)	1% Increase (8.44%)
Total Pension Liability	\$1,076,233	\$ 926,142	\$ 802,785
Plan Fiduciary Net Position	764,237	764,237	764,237
Net Pension Liability (Asset)	\$ 311,996	\$ 161,905	\$ 38,548

Pension plan fiduciary net position - Detailed information about the pension plan's fiduciary net position is available in the separately issued IMRF financial report which is publicly available at <http://imrf.org>.

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - For the year ended December 31, 2015; the City recognized pension expense of \$97,360. At December 31, 2015, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources, which are not reported due to the modified cash basis of accounting:

	Deferred Outflows Of Resources	Deferred Inflows Of Resources
Differences between expected and actual experience	\$ -	\$33,676
Changes in assumptions	3,428	-
Net difference between projected and actual earnings	42,336	-
Employer contributions subsequent to the Measurement date	12,029	-
Total	\$57,793	\$33,676

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended December 31:

2016	\$4,479
2017	4,479
2018	4,479
2019	4,479
2020	(5,828)
Thereafter	-
Total	\$12,088

City of Earlville, Illinois

Notes to Financial Statements

Note 9 Social Security

Employees not qualifying for coverage under the Illinois Municipal Retirement Fund are considered to be "non-participating employees." These employees and those qualifying for coverage under the Illinois Municipal Retirement Fund are covered under social security. The City paid \$32,235, equal to the total required contribution for the year ended April 30, 2016.

Note 10 Special Tax Levy

Proceeds from the Police Protection Tax Levy and related disbursements have been included in the operations of the General Fund. As of April 30, 2016, cumulative disbursements for police protection have exceeded cumulative tax receipts.

Note 11 Legal Debt Margin

The following schedule illustrates the legal debt margin of the City as of April 30, 2016:

Assessed valuation – 2015	\$ 16,652,003
Statutory debt limitation (8.625% of assessed valuation)	\$ 1,436,235
Debt outstanding at April 30, 2016: Governmental Activities (EPA loans not considered under debt margin calculations)	(130,000)
Legal debt margin	\$ 1,306,235

City of Earlville, Illinois

Notes to Financial Statements

Note 12 Other Required Individual Disclosures

Generally accepted accounting principles require an overview of certain information concerning individual funds as part of the fund financial statements, including:

Individual fund interfund receivable and payable balances. Balances at April 30, 2016 were as follows:

<u>Fund Owed</u>	<u>Fund Owing</u>	<u>Total</u>
General	TIF III	\$ 66,000
		\$ 66,000

The interfund loans involving the general fund and TIF III fund is to cover operating costs.

As of April 30, 2016, the following funds had a deficit fund balance by the amount stated:

TIF III Fund	\$ 40,158
--------------	-----------

Note 13 Risk Management

The City is exposed to various risks of loss including, but not limited to, general liability, property casualty, workers compensation, and public official liability. To limit exposure to these risks, the City participates in the Illinois Municipal League Risk Management Association. The City is liable for up to a \$500 per year deductible for all years it participates in the plan. The City's policy is to record any related expenditures in the year in which they are notified and pay the assessment. The City is not aware of any additional assessments owed as of April 30, 2016.

During the year ended April 30, 2016, there were no significant reductions in coverage. Also, there have been no settlement amounts which have exceeded insurance coverage in the past three years.

City of Earlville, Illinois

Notes to Financial Statements

Note 14 TIF Districts

The TIF District III was established during the fiscal year ended April 30, 1999. The goal of the Tax Increment Financing law is to induce private development, which would not occur without public expenditure, in economically depressed areas in order to improve property values and eliminate blight.

TIF District III was established to account for tax increment allocation financing for the Downtown Earlville Tax Increment Redevelopment Project Area.

There are intergovernmental agreements between the City's TIF District III and LaSalle County, Earlville Community Unit School District No. 9, and Illinois Valley Community College. The terms of the agreement between the City and the County require the City to make annual payments to the County during the life of TIF District III. Said payments shall reimburse the County for 51% of its incremental real estate tax loss within TIF District III. The terms of the agreement between the City and District No. 9, also require the City to reimburse the District for the real estate tax loss to the District caused by TIF District III. Payments to Illinois Valley Community College shall reimburse the College for 100% of its tax loss due to the TIF District.

Note 15 Economic Incentive Agreement

During a prior fiscal year, the City entered into an economic incentive agreement with Premier Oil Holdings, LLC. Under the terms of the agreement, the City shall share or rebate one-half (1/2) of the retailers' occupation taxes generated from or at the development during a period of fifteen years, up to a maximum of \$75,000. The City shall have no further obligation to make any further payments when and if such \$75,000 limit has been reached. During the current fiscal year, the City did not make a payment under this agreement, as such the total amount paid remains \$50,178.

City of Earlville, Illinois

Notes to Financial Statements

Note 16 Reclassification of Garbage Fund

During the prior year, the City entered into an agreement with Republic Services to provide garbage service to the citizens of the City effective July 9th, 2014 with the activity being recorded to the City's previously existing Garbage Fund. As this fund was previously a governmental activity, due to the City charging citizens for the service, it must be classified as a business-type activity on the financial statements.

Note 17 New Reporting Standards

GASB Statement No. 68, *Accounting and Financial Reporting for Pension—an amendment of GASB Statement No. 27* is effective for periods beginning after June 15, 2014. This statement establishes new requirements for governments to report a "net pension liability" for the unfunded portion of its IMRF pension plan. The City has implemented this statement in the year ended April 30, 2016.

GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68* is effective for periods beginning after June 30, 2014. The Statement amends the new requirements for governments reporting a net pension liability. The City has implemented this statement in the year ended April 30, 2016.

Note 18 Impact of Pending Accounting Principles

GASB issued Statement No. 72, *Fair Value Measurement and Application* addresses accounting and financial reporting issues related to fair value measurements. The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. This Statement provides guidance for determining a fair value measurement when a market price is not readily determinable, and establishes a 3-level hierarchy of fair value that will be disclosed in the notes to the financial statements, based on the presence or absence of observable market inputs. The requirements of this Statement are effective for financial statements for reporting periods beginning after June 15, 2015. The City has not determined the effect of this Statement.

GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets that are Not Within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statement Nos. 67 and 68* addresses accounting and financial reporting for pensions that were not covered by GASB Statement No. 68, because the plan assets are not held in trust. The provisions in Statement 73 are effective for fiscal years beginning after June 15, 2015. The City has not determined the effect of this Statement.

City of Earlville, Illinois

Notes to Financial Statements

Note 18 **Impact of Pending Accounting Principles (continued)**

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* addresses the accounting and financial reporting by state and local governments for postemployment benefits other than pensions (other postemployment benefits or OPEB). It also improves information provided by state and local governmental employers about financial support for OPEB that is provided by other entities. The provisions in Statement 75 are effective for fiscal years beginning after June 15, 2017. The City has not determined the effect of this Statement.

GASB Statement No. 76, *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments* identifies – in the context of the current governmental financial reporting environment – the hierarchy of generally accepted accounting principles (GAAP). Authoritative sources of GAAP now include (1) GASB pronouncements, (2) GASB implementation guides, and (3) AICPA literature specifically cleared by the GASB. The requirements of this Statement are effective for financial statements for periods beginning after June 15, 2015. The City has not determined the effect of this Statement.

GASB Statement No. 77, *Tax Abatement Disclosures* requires governments that enter into tax abatement agreements to disclose the certain information about the agreements to allow readers of the financial statements to better access the revenue-generating capacity of the government. The provisions in Statement No. 77 are effective for reporting periods beginning after December 15, 2015. The City has not determined the effect of this Statement.

GASB Statement No. 80, *Blending Requirements for Certain Component Units—an amendment of GASB Statement No. 14* amends the blending requirements by requiring the blending of a component unit incorporated as a not-for-profit corporation in which the primary government is the sole corporate member. The requirements of this Statement are effective for reporting periods beginning after June 15, 2016. The City has not determined the effect of this Statement.

GASB Statement No. 82, *Pension Issues—an amendment of GASB Statements No. 67, No. 68, and No. 73* addresses issues regarding the presentation of payroll related measures in requirement supplementary information, the selection of assumptions and the treatment of deviations from the guidance in an Actuarial Standard of Practice for financial reporting purposes, and the classification of payments made by employers to satisfy employee (plan member) contribution requirements. The requirements of this Statement are effective for reporting periods beginning after June 15, 2017. The City has not determined the effect of this Statement.

City of Earlville, Illinois

Notes to Financial Statements

Note 19 Fund Balance Reporting

On April 25, 2012, the City adopted a fund balance policy pursuant to Governmental Accounting Standards Board Statement No. 54. According to this standard, fund balances are to be classified into five major classifications; Nonspendable Fund Balance, Restricted Fund Balance, Committed fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. Below are definitions for how these balances are reported.

Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. The City has several revenue sources received within different funds that are restricted for the following purposes:

Social Security	\$	18,940
Audit Services		7,676
Liability Insurance		28,625
Unemployment Insurance		7,348
Workmen's Compensation		18,500
Municipal Retirement		16,352
Road Maintenance		211,351
Debt Certificate Repayment		2,054
<hr/>		
Total Restricted	\$	310,846

Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Fund for amounts that have not been restricted, committed, or assigned to specific purposes within the General Fund. This classification is also used to report deficit fund balances in all other funds (TIF III Fund).

Expenditures of Fund Balance

Unless specifically identified, expenditures act to reduce restricted balances first, then committed balances, assigned balances next, and finally act to reduce unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

The Honorable Mayor and
Members of the City Council
City of Earlville
Earlville, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Earlville, Illinois, as of and for the year ended April 30, 2016, and the related notes to the financial statements, which collectively comprise City of Earlville's basic financial statements and have issued our report thereon dated August 1, 2016.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered City of Earlville, Illinois' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Earlville, Illinois' internal control. Accordingly, we do not express an opinion on the effectiveness of City of Earlville, Illinois' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the following schedule of responses that we consider to be significant deficiencies and are detailed below.

Segregation of Duties

A good system of internal control procedures contemplates adequate segregation of duties so that no one individual can handle a transaction from its inception to its completion. Within the City's system of internal control, there are situations whereby there is not a complete or adequate segregation of duties that arise due to legal requirements or limited number of personnel.

It would not be practical to set up procedures to detect all instances of noncompliance with controls that do exist, nor is it always practical to establish complete segregation of duties. As a result, however, many controls that are required for any given application could be circumvented without detection.

While we also recognize that ultimate controls cannot be implemented with your current number of employees, we believe that continued strong supervision and review by the City Council compensates for some of these weaknesses. Therefore, it is important that you recognize that regular and active involvement by the City Council is an integral and critical area within the City's system of internal control.

Financial Statements Preparation

Due to the limited number of personnel available in the organization, management with the authorization of the City Council, has requested that our firm prepare the financial statements and footnote disclosures for them to review and approve. This does not violate professional independence standards as management and the City Council take responsibility for the statements and is the most cost effective option for the organization.

Since there is more than a remote likelihood that a misstatement of the financial statements that is more than inconsequential will not be prevented or detected by management and the City Council's review of the financial statements, we consider this to be a significant deficiency in internal control. We recommend that management and the City Council continue to evaluate whether it is cost effective to hire a person with the qualifications to prepare the financial statements and disclosures.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether City of Earlville's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

City of Earlville, Illinois' Response to Findings

City of Earlville, Illinois' response to the findings identified in our audit is described in the accompanying schedule of responses. City of Earlville, Illinois' response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Schedule of Responses

For the Year Ended April 30, 2016

Financial Statement Findings

Condition – There is inadequate control over the functions of processing and recording the financial transactions of the City due to the inadequate segregation of duties stemming from limited personnel.

Management responses – The City's management and City council's close supervision and review of accounting information is the most economical and appropriate manner to help prevent and detect errors and irregularities in the City's accounting and financial reporting.

Condition – The financial statement and disclosures are prepared by the external auditors.

Management response – The City's management and City council's close review of financial statements and required footnotes prepared by the external auditors appears to be the most economical and appropriate manner to help ensure complete and proper financial reporting.

Independent Auditor's Report on Compliance with State of Illinois Public Act 85-1142

Illinois Department of Revenue
Springfield, Illinois

We have audited the basic financial statements of the City of Earlville, Illinois for the year ended April 30, 2016, and have issued our report thereon dated August 1, 2016. The basic financial statements are the responsibility of the City's management. Our responsibility is to express an opinion on the eligibility for costs incurred incidental to the implementation of the redevelopment plan and redevelopment projects associated with the TIF district pursuant to Subsection (q) of Section 11-74.4-3 of the Illinois Tax Increment Redevelopment Allocation Act.

Our audit was made in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statements presentation. We believe that our audit provides a reasonable basis for our opinion.

The City of Earlville, Illinois' management is responsible for the government's compliance with laws and regulations. In connection with our audit referred to above, we selected and tested transactions and records to determine the government's compliance with State of Illinois Public Act 85-1142, "An Act in Relation to Tax Increment Financing".

The results of our test indicate that for the items tested, the City of Earlville, Illinois complied with Subsection (q) of Section 11-74.4-3 of Public Act 85-1142.
